

SEARCH REQUEST FORM

Scientific and Technical Information Center

Requester's Full Name: Nigmal S. Pasi Examiner #: _____ Date: 10/24/05
 Art Unit: 1646 Phone Number 3089435 Serial Number: 091125635
 Mail Box and Bldg/Room Location: CMI 10E77 Results Format Preferred (circle): PAPER DISK E-MAIL

If more than one search is submitted, please prioritize searches in order of need.

 Please provide a detailed statement of the search topic, and describe as specifically as possible the subject matter to be searched. Include the elected species or structures, keywords, synonyms, acronyms, and registry numbers, and combine with the concept or utility of the invention. Define any terms that may have a special meaning. Give examples or relevant citations, authors, etc, if known. Please attach a copy of the cover sheet, pertinent claims, and abstract.

Title of Invention: ABI A novel Stem ReceptorInventors (please provide full names): Meltzer et alEarliest Priority Filing Date: 6/1/97

For Sequence Searches Only Please include all pertinent information (parent, child, divisional, or issued patent numbers) along with the appropriate serial number.

Please search SEQID# Nos: 1,2,3,4,5,6,7,8.
